operation of the French and American

Washington, June 13.—An American patrol entered a German trench on the afternoon of June 2 and killed three of the enemy, returning without having suffered a single casualty, Gen. Pershing reports in his communique made public by the war department this afternoon.

Gen. Pershing also quotes a recent French en marge communique highly praising the valor and ability of the American troops in the action around Chateau-Thierry.

The communique follows:

"Section B—In Picardy on the afternoon of June 2 one of our patrols entered the German trenches and encountered several of the enemy. In the fight which followed three of the enemy were killed. Our patrol returned without having suffered any casualties.

MILES ON 5-MILE FRONT

Allies Have Day of Continuous Success-Take Thousand Prisoners Near Mery.

(Associated Press.) London, June 13.—(British Admiralty per Wireless Press.)—The military correspondent of the British wireless service writes from the front that yesterday was a day of successes for the allies. In the actual battle area the French by a counter attack between Mery and Antheuil drove the enemy back nearly two miles on a front of five miles, causing him further severe losses and capturing 1,000 prisoners. Immediate-ly south of Noyon the French evacuated the salient around Carlepont in order that they might move on their own accord to rectify their line. They administered a rebuff to the enemy, who attempted to advance, and drove him back to the high ground near the Oise. back to the high ground near the Oise. Farther north, in the Amiens sector, between the Somme and the Ancre rivers, the Australians once more advanced their lines at the Morlancourt. South of the Ourcq river and northwest of Chateau Thierry the American troops have carried out a successful operation taking Bellean wood with operation, taking Belleau wood with over 300 prisoners.

All these operations are evidence

that the enemy, even though he is willing to accept enormous losses, can-not hope to inflict his will on the allies unless he throws in his reserves in such unless he throws in his reserves in such large numbers as to give him a decisive numerical superiority. The fact that he has not yet thrown into this operation south of Noyon the bulk of the large reserves he now has available would suggest that he still has plans to launch heavy blows elsewhere.

BILL TO LOWER AND RAISE DRAFT AGE

Congress Will Be Asked to Change Selective Draft Age to 18 to 45 Years.

Washington, June 13.-Alteration of the present draft ages to permit the drafting of men from 18 to 45 will be sought when the short session of con-gress opens in December, according to members of the house military affairs committee this afternoon.

A bill to this end already has been

prepared, it was learned this afternoon, but it will not be presented until a campaign of public education has been undertaken. Introduction of the bill at this time would be most unwise, according to its backers on the house military affairs committee.

Only the creation of a public opinion for a change will be effective in securing the necessary majorities for passage of the bill through both houses.

EIGHT MILLION NEEDED TO DEFEAT GERMANY

(International News Service.)

Washington, June 13.—Eight million
American soldiers in France will be needed to secure a complete victory over Germany, declared Representative Julius Kahn, ranking republican member of the house military affairs committee, this afternoon. He was discussing the intention of the administration to introduce at the short session in December a bill extending the draft ages limits to 18 to 45.

Luncheon for members of the National War Savings committee will be given at the Patten hotel Monday, June 17. at 12:15.

The object of the luncheon is to organize committees to procure members to the \$1.000 war savings campaign. By federal limitation no one is allowed to subscribe more than \$1.000 to the war savings fund. It is the object and hope of the committee to garner in six or seven hundred thousand-dollar members in one day.
